FILL-RITE®

TOUGH. RELIABLE. LONG-LASTING.

FUEL TRANSFER HAND PUMP

As with all Fill-Rite® fuel transfer pumps, our hand pumps are tough, reliable and long lasting. Fill-Rite hand pumps are perfect for low volume transfer of gasoline*, light oils, diesel fuel and other fluids from drums and barrels. Depending on the style of pump you choose, they operate by piston, rotary or hand lever action. Models are available for a wide variety of fluids including: Diesel Fuel, Bio-Diesel, Gasoline, Motor Oil, Automatic Transmission Fluid, Hydraulic Oil and many other chemicals and light oils.
